DETAILED ACTION

Response to Amendment

1. Applicant's amendment filed on 15 August 2005 has been entered. Claims 1, 11, 20 and 21 have been amended. Claim 17 has been cancelled. No claims have been added. Claims 1-16 and 18-22 are still pending in this application, wherein claims 1, 11, 20, 21 and 22 being independent.

Allowable Subject Matter

2. Claims 1-16 and 18-22 (renumbered as 1-21, respectively) are allowed.
3. The following is an examiner's statement of reasons for allowance:

The invention as now claimed is not disclosed or rendered obvious in view of the prior art of record. As to claims 1, 11, 20, 21 and 22, the prior art of record fails to teach or suggest, alone or in combination, the recited system and method that capable of immediately transferring a call back request from a first user to a second user, without requiring the first user to have already attempted to directly contact the second user, while the first user awaits a result of the call back request, prompting the second user whether to call back the first user, and if the second user signals to the network connection to return the call, immediately and automatically attempting to connect the first user and the second user. wherein the server sends a message to the first user input device to instruct the first user to expect an imminent callback as set forth in the recited claims.
